

Dear Parent,

## Understanding Compulsive Sexual Behavior

CBS News recently took a look at sex addiction. In the article, Dr. Drew Pinsky asks if the sex saturation of the culture may be putting youth at increased risk: "We don't even know the full impact of kids having pornography pouring down on them," he said. "By the same token, the rest of mass media, not just the online barrage, the tsunami of online pornography, but what's portrayed in the broadcast media is sex without consequences, sex without a context, sex as just something that's arousing and fun but not something that's part of a deeper human experience or, by the way, something that has real risk."
